

Where to Fish in Indiana

Indiana has more than 21,000 miles of fishable streams and rivers along with 452 natural lakes and 580 impoundments. The table below includes DNR-owned access areas, as well as other access sites where you can boat or bank fish. Preferred areas are marked with an asterisk. The wheelchair symbol denotes accessible areas for persons with disabilities. Access varies per site. Site specific regulations may apply in addition to the information supplied by the access table. All general rules, regulations and size and bag limits are enforced according to this guide. Speed limits, motor size and safety regulations vary by site. It is your responsibility to read and obey all fishing and boating regulations. For maintenance problems at ramps or to offer a site for public access, contact (260)426-2009. For fisheries management information, contact a district fisheries biologist (for a list of biologists see page 64).

www.ProtectYourWaters.net

When you leave a body of water:

- Remove any visible mud, plants, fish or animals before transporting equipment.
- Eliminate water from equipment before transporting.
- Clean and dry anything that comes into contact with water (boats, trailers, equipment, clothing, dogs, etc.).
- Never release plants, fish or animals into a body of water unless they came out of that body of water.
- Consult the Division of Fish and Wildlife prior to controlling invasive plants along your shorelines; permits may be required.

Fishing License Regulations

To fish in public lakes, streams, rivers or tributaries in the state of Indiana or its boundary waters, you must have a valid fishing license. **License holders must carry their license while fishing and present it to a conservation officer (or any authorized law enforcement official) upon request.** There are fines and penalties for fishing without a license. You must also have a valid trout and salmon stamp in your possession to legally fish for or take trout and salmon from public waters.

These regulations only apply to fish that originate from, or are taken from, the public waters of Indiana. Fish from public waters that migrate into or from private waters are still covered by these regulations. These regulations do not apply to fish in private waters that did not originate from public waters.

A fishing license may be revoked if the license holder is convicted of violating fish and game regulations. Any equipment, appliances and apparatus used in the violation of Indiana fish and game laws may be seized for evidence and, upon conviction, confiscated.

A resident is a person who has lived in Indiana continuously for a period of 60 days preceding the date of license or permit purchase. All others are non-residents.

Game bird, waterfowl, or trout/salmon stamp privileges purchased through Indiana Outdoor must have an original signature, in ink, on the license on which the stamp privilege is listed. You do not need a traditional stamp in addition to the purchase of this stamp privilege. Traditional game bird, waterfowl, or trout/salmon stamps will still be available for purchase separately as a commemorative issue. Commemorative stamps do not convey hunting or fishing privileges and are available through the DNR Customer Service Center in the Indiana Government Center South, 402 W. Washington St., Room W160, Indianapolis, IN 46204.

Fishing License Exemptions

A fishing license and trout and salmon stamp are NOT required for:

- Indiana residents 65 years of age or older. However, you should carry your driver's license or other identification to verify your age and residency.
- Resident and non-resident anglers under the age of 17.
- Residents who are legally blind.
- Residents of a state-owned mental rehabilitation facility.
- Residents of any licensed health care facility in Indiana taking part in a supervised fishing activity sponsored by the facility.
- Fishing a private pond does not require a license. However, you must have permission from the property owner to fish.
- Residents of Indiana who are engaged in full-time military service may fish without a license while on approved military leave. However, the angler must carry leave orders and a valid Indiana driver's license or voter registration card. Non-resident military personnel stationed within Indiana must obtain a resident license to fish or hunt in Indiana.
- Landowners or lessees of farmland, who farm that land, their spouses and children living with them, while fishing in public waters from the farmland they own or lease.
- Some non-resident landowners, while fishing in public waters from the farmland they own, according to the exemptions that their state provides to Indiana residents. See the website at www.wildlife.IN.gov or call (317) 233-4976 for specific information.
